JAA FORM ONE - Issue 4/Edition 4

* Installer must cross-check eligibility with applicable technical data.
L' utilisateur doit vérifier la destination précise au moyen des données techniques pertinentes.

USER/INSTALLER RESPONSIBILITIES

NOTE 1 - It is important to understand that the existence of the document alone does not automatically constitute authority to install the part/component/assembly.

2 - Where the user/installer works in accordance with the national regulations of an Airworthiness Authority different than the Airworthiness Authority specified in block 1, it is essential that the user/installer ensures that his/her Airworthiness Authority accepts parts/components/assemblies from the Airworthiness Authority specified in block 1.

3 - Statements 14 and 19 do not constitue installation certification. In all cases the aircraft maintenance record must contain an installation certification issued in accordance with the national regulation by the user/installer the aircraft may be flown.

NOTE A L'ATTENTION DE L'UTILISATEUR/INSTALLATEUR

1-Il est important de comprendre que l'existence de ce seul document ne suffit pas pour permettre automatiquement l'installation de la piece/du composant/de l'ensemble.

2-Quand l'utilisateur/installateur travaille selon la reglementation nationale d'une autorite de navigabilite differente de l'autorite de navigabilite mentionnee dans la case 1, il est essentiel que l'utilisateur/installateur s'assure que son autorite de navigabilite accepte les pieces/composants/ensembles liberes par l'autorite de navigabilite mentionnee dans la case 1.

3-Les mentions figurant dans les cases 14 et 19 ne constituent pas des certifications de l'installation des pieces. Dans tous les cas les documents d'entretien de l'aeronef doivent contenir une certification de l'installation des pieces par l'utilisateur/installateur selon sa reglementation nationale avant que l'aeronef ne soit remis en vol
